## **Complaints Procedure – Patient Information**

## Making a Complaint

Most problems can be sorted out quickly and easily with the person concerned, often at the time they arise, and this may be the approach you try first.

Where you are not able to resolve your complaint in this way and wish to make a formal complaint you should do so, preferably **in writing** as soon as possible after the event and ideally within a few days, giving as much detail as you can, as this helps us to establish what happened more easily. In any event, this should be:

- Within 12 months of the incident,
- or within 12 months of you becoming aware of the matter

If you are a registered patient you can complain about your own care. You are not normally able to complain about someone else's treatment without their written authority. See the separate section in the form for what to do in this case. We are able to provide you with a separate complaints form (available on our website or from one of our sites) to register your complaint and this includes a third-party authority form to enable a complaint to be made by someone else. Please ask at reception for this. You can provide this in your own format providing it covers all of the necessary aspects.

### Send your written complaint to:

The Complaints Officer  
Solihull Healthcare Partnership  
Shirley Medical Centre  
8 Union Road  
Shirley, Solihull  
West Midlands  
B90 3DT

You can also hand your complaint in at any of our practice sites.

You can complete an online complaints form via the Solihull Healthcare's website

## What We Do Next

We aim to acknowledge receipt of your complaint within three working days, and to provide you with a full written response within 40 working days. In some cases, you may be invited to meet with the person(s) concerned to attempt to resolve the issue. If the matter is likely to take longer than the 40 working days we will let you know, and keep you informed as the investigation progresses.

When looking into a complaint, we attempt to see what happened and why, to see if there is something we can learn from this, and make it possible for you to discuss the issue with those involved if you wish to do so.

When the investigations are complete, a final written response will be sent to you.

Where your complaint involves more than one organisation (e.g. social services) we will liaise with that organisation so that you receive one coordinated reply. We may need your consent to do this. Where your complaint has been initially sent to an incorrect organisation, we may seek your consent to forward this to the correct person to deal with. The final response letter will include details of the result of your complaint and also your right to refer the matter further to the Parliamentary and Health Service Ombudsman (details shown elsewhere in this leaflet) if you remain dissatisfied with the response.

### Complaining on Behalf of Someone Else

We keep to the strict rules of medical and personal confidentiality. If you wish to make a complaint and are not the patient involved, we will require the written consent of the patient to confirm that they are unhappy with their treatment and that we can deal with someone else about it. In the event the patient is deceased, then we may agree to respond to a family member or anyone acting on their behalf or who has had an interest in the welfare of the patient.

Please ask at reception for the Complaints Form, which contains a suitable authority for the patient to sign to enable the complaint to proceed. Alternatively, we will send one to you to return to us when we receive your initial written complaint.

Where the patient is incapable of providing consent due to illness, accident or mental capacity, it may still be possible to deal with the complaint. Please provide the precise details of the circumstances that prevent this in your covering letter.

Please note that we are unable to discuss any issue relating to someone else without their express permission, which must be in writing, unless the circumstances above apply. You may also find that if you are complaining on behalf of a child who is capable of making their own complaint, we will expect that child to contact us themselves to lodge their complaint.

We may still need to correspond directly with the patient, or may be able to deal directly with the third party. This depends on the wording of the authority provided.

### If you are dissatisfied with the outcome

You have the right to approach the Parliamentary & Health Service Ombudsman.
